COMMON CAUSE

About Us

- We formed in September 2007 with the intent of beginning the process of building an organization of thousands that will have a presence in every town, workplace and neighbourhood across Ontario. Our current activities include producing the ***Linchpin*** bi-monthly free paper, maintaining the ***Linchpin.ca*** website, organizing local anarchist discussion groups and book clubs, hosting the first Hamilton Anarchist Bookfair (June 14 '08), and producing a monthly Ottawa event listings PDF / poster.

Basis of Unity

- promoting anarchist ideas as the leading ideas of our movements by being effective organizers working with people in struggle in their communities and workplaces
- building common ground while embracing differences
- combining the strengths of the affinity group with the strengths of the mass radically-democratic federal organization
- opposing all forms of oppression and exploitation, and opposing the system built upon class exploitation, patriarchy, racism, imperialism and colonialism, heteronormativity, domination of nature, and the hegemony of hierarchical organization
